

Assignment 5 - Part 1 (float implementation)

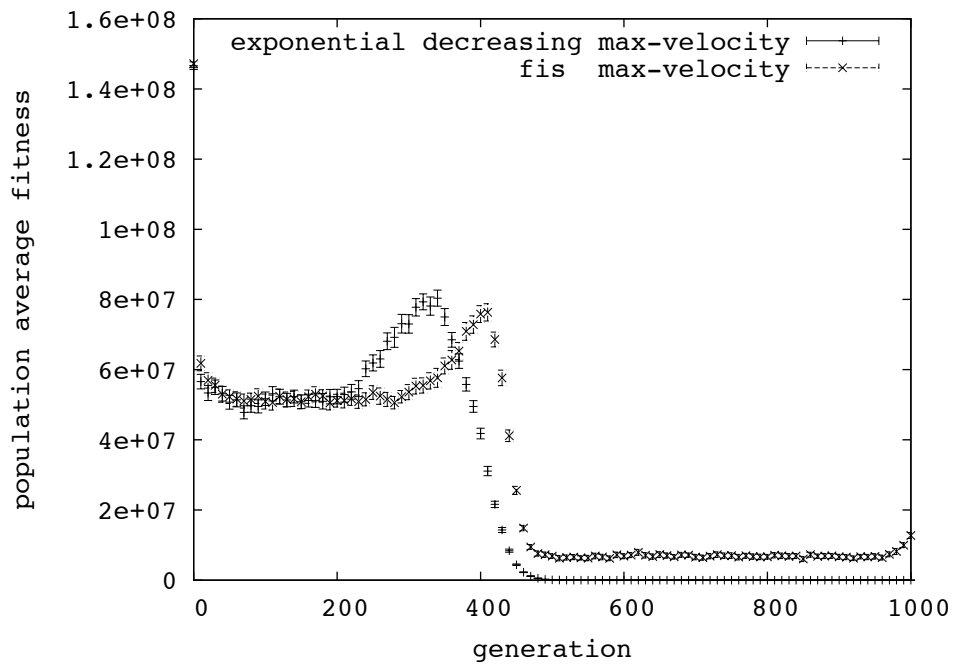

Figure 1: Population Average Fitness.

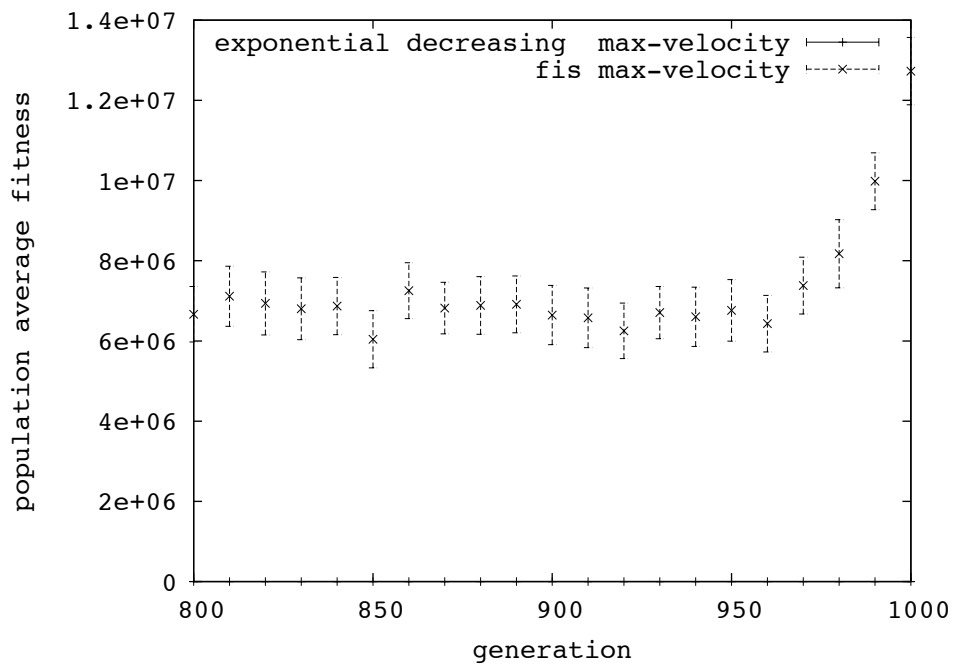

Figure 2: Average Population Fitness: last 200 generations.

Assignment 5 - Part 1 (float implementation)

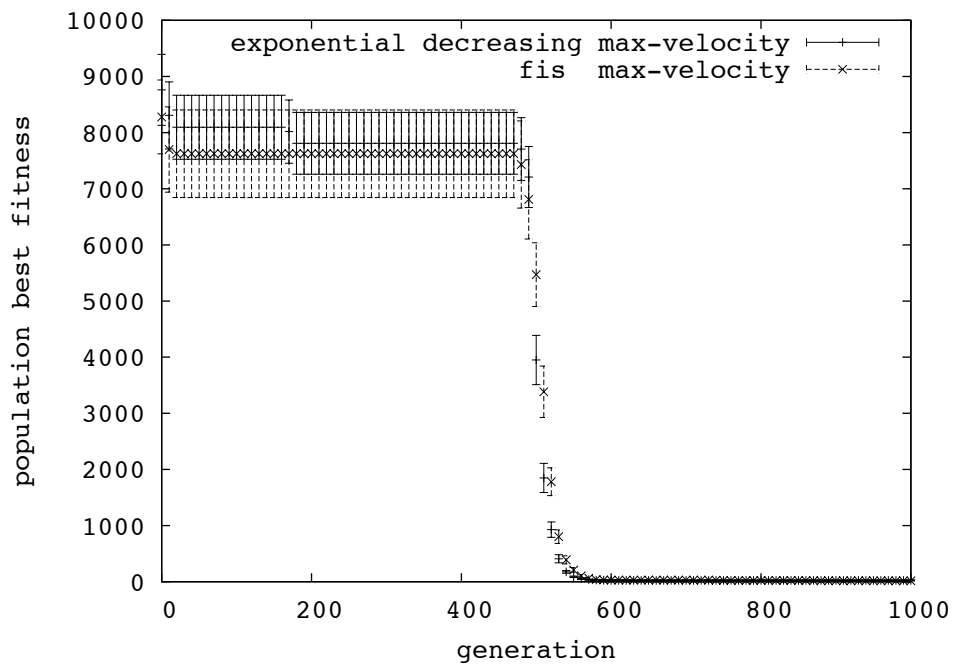

Figure 3: Population Best Fitness.

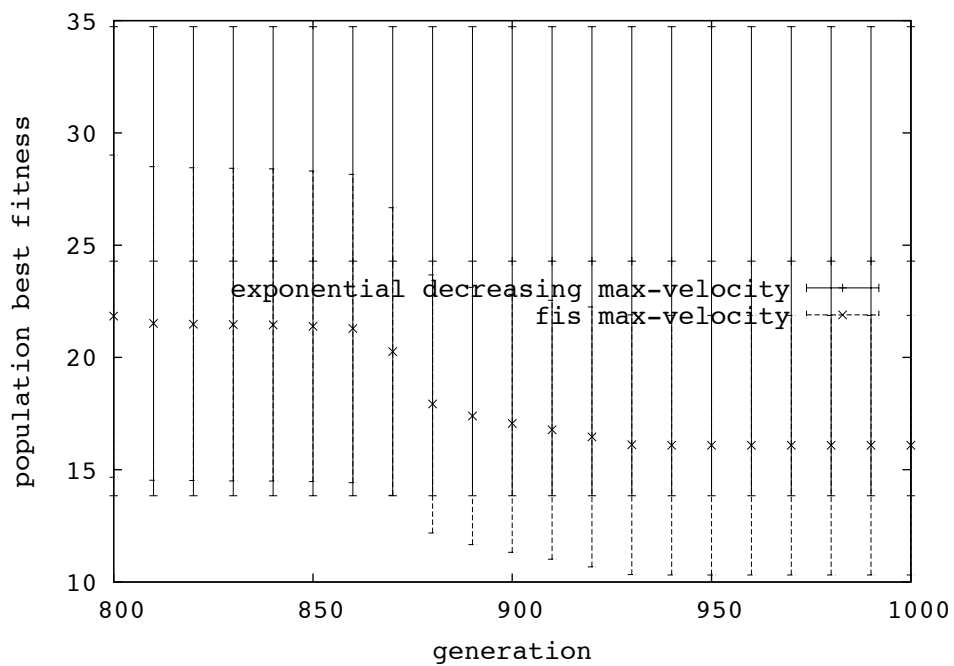

Figure 4: Population Best Fitness.: last 200 generations.

Assignment 5 - Part 1 (float implementation)

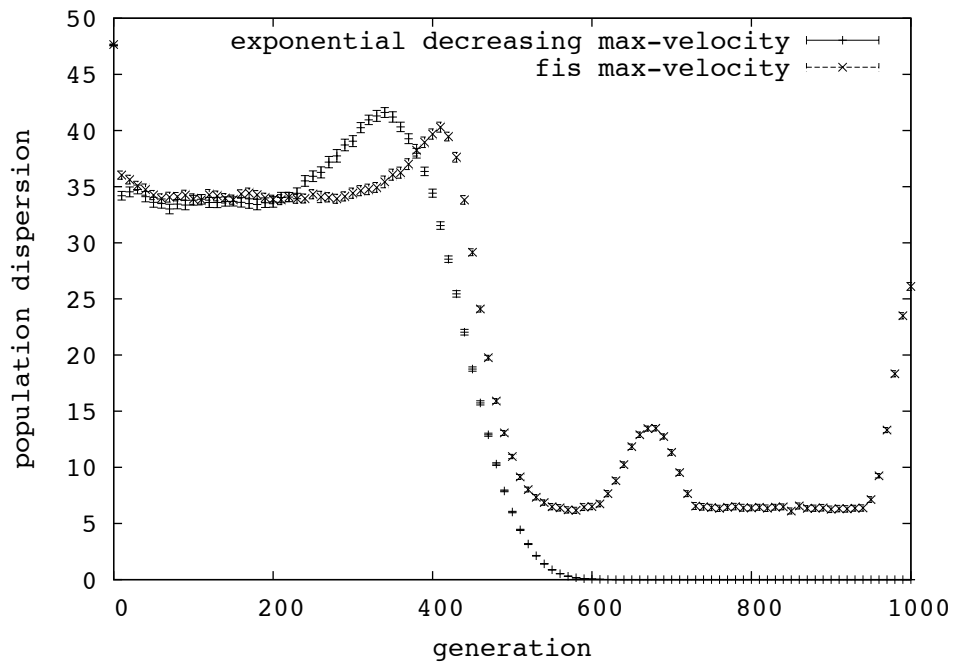

Figure 5: Population Dispersion.

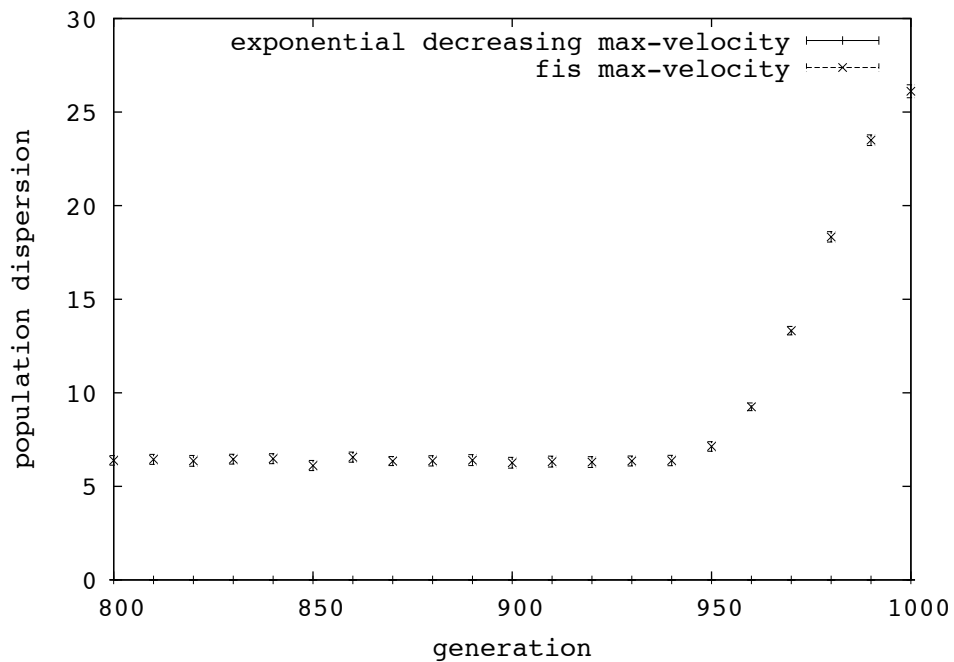

Figure 6: Population Dispersion: last 200 generations.

Assignment 5 - Part 1 (float implementation)

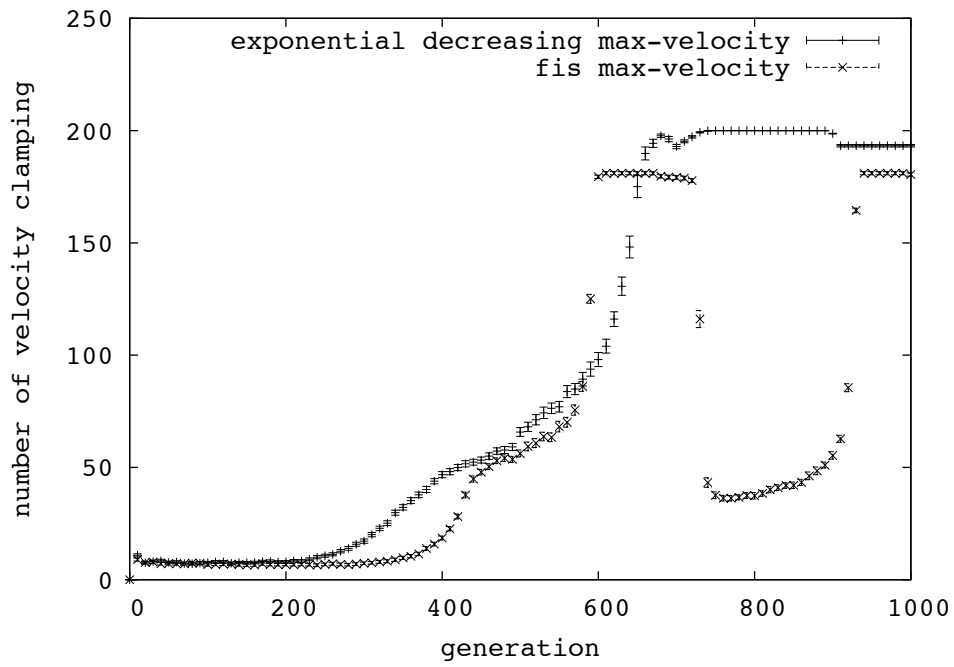

Figure 7: Average number of clamped particles (dimension).

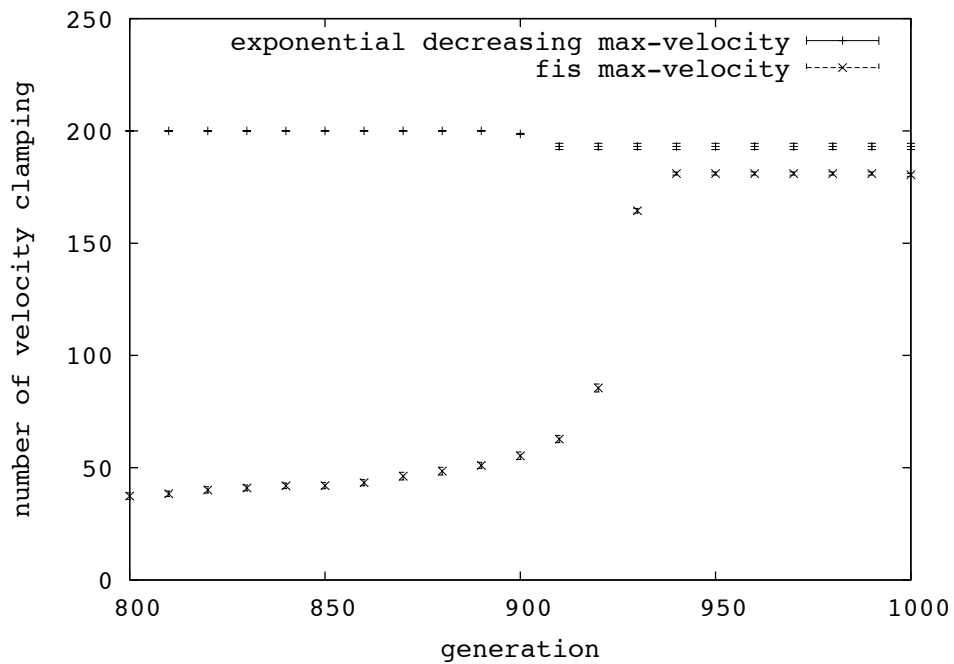

Figure 8: Average number of clamped particles (dimension: last 200 generations).

Assignment 5 - Part 1 (float implementation)

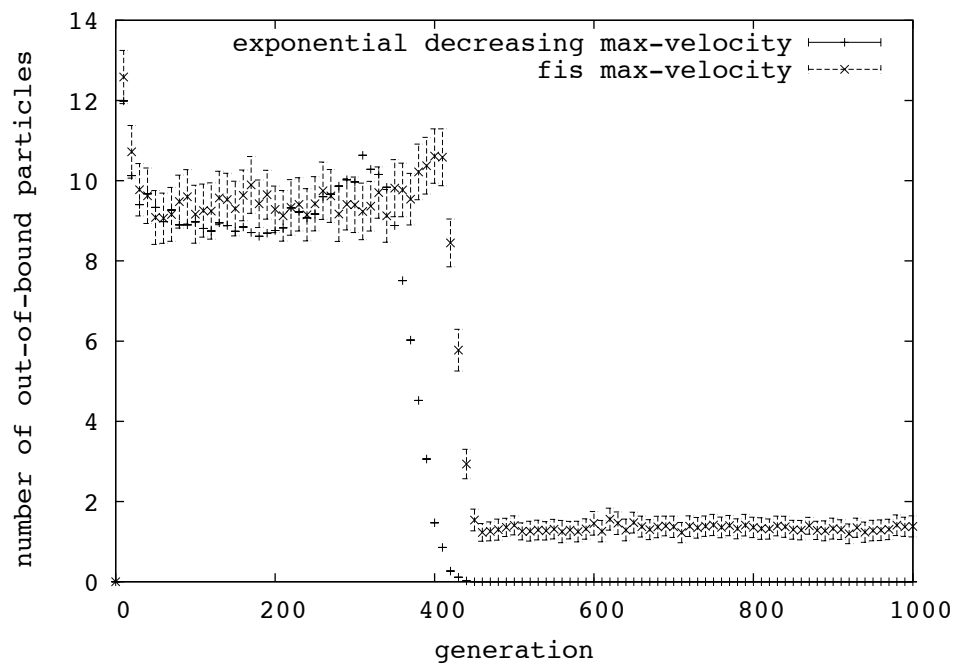

Figure 9: Average number of out-of-bound particles (dimension).

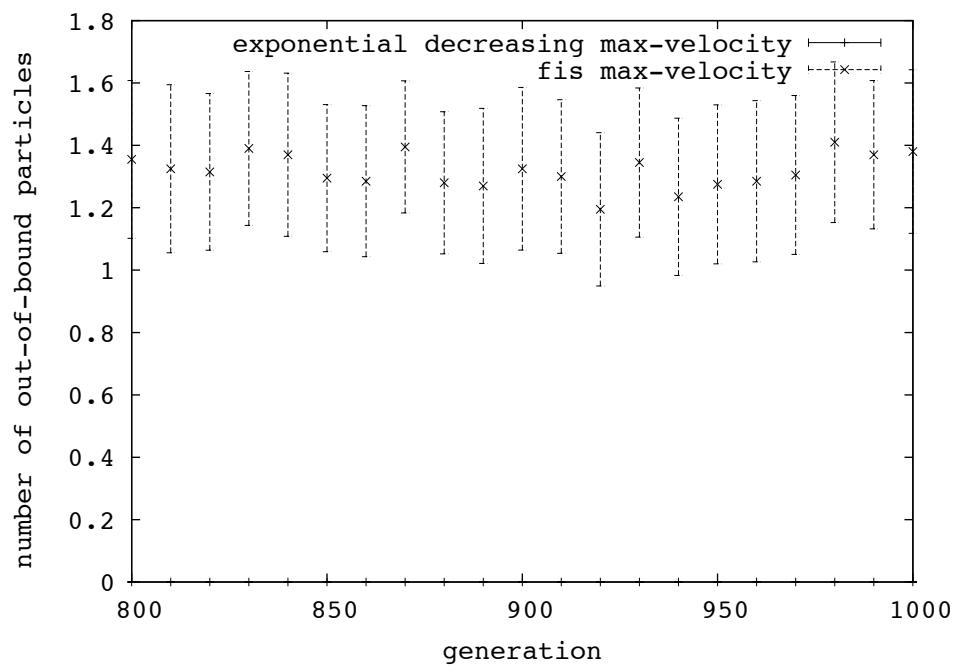

Figure 10: Average number of out-of-bound particles (dimension): last 200 generations.
