

MUN Computer Science Society

Meeting Minutes

October 21st, 2019

Attendance

- Riley Flynn (Vice President)
- Kent Barter (Technology Officer)
- Andrew Stacey (Executive Assistant)
- Katie Hardy (Social Representative)
- Taylor Hadfield (Event Coordinator)
- Lucas Hillier (First Year Representative)
- Jack Harrhy (Representative)
- Ethan Crann (Representative)

Agenda Topics

Kattis Competition

- Still scheduled for October 29th
- Still looking for acceptable questions for the assigned questions, ideally nothing higher than a difficulty of 3
- Poster almost finished, should be done and finalized for tomorrow
- Scheduled to print/post posters tomorrow, Tuesday the 22nd if they're finished
 - Plan to print ~10 posters for this run
- Test occurring possibly Wednesday to get used to how the event will work
- Going to take place in EN-2036
- Likely going to restrict external sources (StackOverflow, etc) except for documentation for languages

General Code Night

- Will continue after competition weekly on Tuesdays
- Occasional themed days like the Kattis Competition
- Katie has a general code night poster in the works, details to follow

Future Mixer

- Updates with member licenses:
 - Taylor has his license to serve alcohol at the event now
 - Ethan is planning to register for his
- Taylor to get the event confirmed with Ancillary Services
- Still slated to occur on November 6th
- Poster still has to be completed for the event

Other Topics

Lan Gaming Night

- Tentatively set for November 15th
- Still need to work out the lab computers and what games to run
- Could copy games from the cslab home directory to get them on computers
- Trello post going up today to post game suggestions
- Possibly gauging input from people going as to what other games to run

Diplomacy

- Taylor's game is starting within the next few days
