

# MUN Computer Science Society

## Meeting Minutes

January 4, 2021

### Attendance

- Madison Emshey
- Dylan Brine
- Jack Harrhy
- Elliott Barnes
- Vilakshan Khanna

### Agenda Topics

#### Skating Event ?

- Tentative plan was to go to the loop, but 40 person limit is making this difficult
- Potentially could meet up at at a public skate
- Or group with another soc and rent a rink?
- Actionable item: Jack will reach out to twins and yetman arena about costs, and we will proceed from there

#### Discord workshop

- No specific plans, but we want to get it going

#### Games

- Actionable Item: Wed Jan 13th, Xonotic WAN
- Talks about potential tournaments, but would want to test the water beforehand
  - Concerns about a lot of work and little turn out

#### HackfrostNL

- Stuff is going good
- Plenty of interest for the event, and plenty of interest from sponsors

- Actionable item: Vilakshan going to make a unified poster that we can use on other social medias.

### **Discord plug**

- Actionable Item: Dylan will draft an email for professors to try and get students to join the discord.

### **Minecraft server**

- Jack has been paying for the MC server out of pocket, so we need to reimburse him.
