March 15th, 2021

Attendance

- David Chicas
- Ethan Crann
- Jack Harrhy
- Madison Emshey
- Mathew Emshey
- Rishi Gandhi
- Vilakshan Khanna
- Yee Tring Lo (Lola)
- Mudkip
- Hking

Agenda Topics

Jackbox Night

Who's going to run it, Zac B, Madison, or Jack? (Zac not in attendance).

Social Media Theme

Elliott will decide on colours to represent MUNCSS on social media, to keep things more consistent.

Minecraft Server

Jack will get the Minecraft server up and running again, but it looking for volunteers to get it up and running again.

Will post when its up

Newsline Channel

Newsline API intergration into Automata is complete, but needs work on:

- handling discord api failures
- handling newsline aii failures

Both failure state should just retry.

Hack Frost NL

Moving to a new name, Hack Frost NL is now a hackathon, and not the group.

Moving towards bridging the gap between education and institution. Working on rebranding, run more events in the future, and workshops.

Future Events

Xonotic maybe? Thursday? Krunker.io?

Schedules for events

MUN Anime Society has a schedule for what they do, it'd be nice to have something more regular, but also cancel things if they aren't too popular.

1 month of events pre-planned, but still play by ear on what occurs based on exec availability and attendance.

Summer Months

A little less traffic here, only like 3 courses in the summer for CS, elections in September might be reworked.
